IMPORTANT NOTICE TO END USER:

1 Definitions & interpretation

1.1 Definitions

In this Agreement, the following words and expressions will have the following meanings unless otherwise stated:

'Authorised User' means the named person for whom a license has been paid by You. Use by anyone other than the named user is unlawful and automatically terminates your rights under this Agreement.

'Development Environment' means the computers used to develop and maintain a Product linked to the PDF Library that are used exclusively by people involved in the development cycle of the Product. Specifically this includes Quality Assurance ("QA") or Test systems, and excludes "live" or production systems accessible to the end-users of the Product, and systems whose primary purpose is disaster recovery.

'PDF Library', means the Big Faceless PDF Library which is a product of and is Copyright (c) Big Faceless Organization.

'Licensor' means Kensington Software Management Limited (Company Number 4526134) whose registered address is: 4-6 Canfield Place, London NW63BT, England

'Link to' means the PDF Library is linked in binary form to a product and is required by the build process of that product to build successfully.

'Product' means a computer program, including a program required to generate the output of a website.

'Website' means any Website owned and maintained by the Licensor relating to the Product.

'You' are the person or organisation licensing the PDF Library and the Product and are, accordingly, the Licensee in respect of it.

1.2 Interpretation

1.2.1 Any headings in this Agreement are for ease of use and are not intended to form part of this Agreement nor effect its interpretation.

1.2.2 Reference to something in the masculine form includes the feminine and neuter forms and vice versa and reference to the singular includes the plural and vice versa.

1.2.3 Reference to clauses and schedules in this Agreement are to clauses of and schedules to this Agreement unless the context otherwise requires.

1.2.4 For all purposes in this Agreement, "writing" includes electronic transmissions.

2 License Grant

2.1 The PDF Library product is licensed under exactly one of the following license types. You agree to abide by the restrictions listed below.

(a) Trial Download License

Under this License the PDF Library may be downloaded for free and used by You for a limited period for development and initial testing. The intention is to allow You time to assess whether the PDF Library is suitable for their purposes. Under this License, the PDF Library MAY NOT be used outside of a development environment.

(b) CPU License

Under this License You are granted the non-transferable, non-exclusive and perpetual right to link the PDF Library to part of an applet or product running on (or in the case of applets, downloaded from) a fixed number of production servers - defined as a computer run by You excluding the Development Environment. The price of this License depends on the total number of CPUs used by programs linked to the PDF Library, not the number of physical machines

used. This License may be transferred between servers, provided that the number of server CPUs concurrently running products linked to the PDF Library never exceeds the number of server CPUs specified in this License Agreement.

(c) OEM License

(i) Under this License You are granted the global, irrevocable, non-transferable, non-exclusive and perpetual right to link the PDF Library to products requiring the PDF library as an integral part, and that are developed, marketed and distributed by You and distributed to third parties. The price of this License is based on the total number of products distributed that are linked to the PDF Library, including any non-free updates to the Product. The products distributed by You and linked to the PDF Library must add considerable functionality to the PDF Library. Programs, which in essence mimic the functionality of the PDF Library, or a subset thereof, are expressly prohibited under this License.

(ii) This License includes the right for You to sub-license to third parties the right to use this PDF Library only as part of the product developed by You - any other use will require a separate license agreement with the Licensor. This License specifically excludes use which falls under the category of a "CPU License" as defined above.

(iii) You undertake and warrant that you will not reveal, divulge or disclose to any third party whatsoever the key code of this OEM License and further undertake to embed the OEM key code in a secure manner.

(d) Annual Subscription License

Under this License You are granted the non-transferable and non-exclusive right to link the PDF Library to a website or intranet. The price of this License depends on the total number of CPUs used by programs linked to the PDF Library, not the number of physical machines used. Fees for this License are renewed annually as a subscription. This License may be transferred between servers, provided that the number of server CPUs concurrently running products linked to the PDF Library never exceeds the number of server CPUs specified in

this License Agreement.

2.2 Development License

In addition to the License grants defined in 2.1, an annual charge may apply for running the PDF Library in a Development Environment. This charge will apply only while the Product is "live" - it specifically excludes the period when the product is under development and has not yet been released.

3 Copyright

3.1 You acknowledge that no title to the intellectual property in any part of the Product is transferred to You. You further acknowledge that title and full ownership rights to the Product will remain the exclusive property of The Licensor and its suppliers and You will not acquire any rights to the Product except as expressly set out in this Agreement. You agree that any copies of any part of the Product will contain the same proprietary notices which appear on and in the Product (as appropriate).

3.2 The Licensor warrants that all intellectual property rights in the Product either reside with itself or its suppliers and that the Licensor is entitled to enter into this Agreement and that use of the Product by an Authorised User is not in breach of any third party's intellectual property rights. The Licensor agrees to indemnify You against all costs, claims and liabilities arising from breach of this warranty provided that you immediately notify the Licensor about any alleged breach and render all reasonable assistance to the Licensor (at the cost of the Licensor) in defending any such claim.

3.3 You agree that this License does not include ownership of the source-code for the PDF library, which may be covered by a separate license.

given

new names. Any exceptions to this request are also given in the manifest.

The latest version of the LaTeX Project Public License is in <http://www.latex-project.org/lppl.txt> and version 1.3c or later is part of all distributions of LaTeX version 2006/05/20 or later.

Although the licensor will endeavour to keep the PDF Library bug-free, they specifically exclude any warranty to that effect, and also specifically deny any time span either express or implied for the correction of any bugs found.
